Dear Parents and Guardians,

We want to make you aware of the procedure that has been in place for students going home on another student's bus.

Playdates are not permitted. If a child needs to go home on a different bus for child care purposes, the parent must fill out the attached child care form, have it notarized, and bring it to the MCCSD Transportation Department. This must be done even if the child care is sporadic. The bus driver and the school will then be notified.

All schools in the District expect this procedure to be followed, and the procedure is being enforced by Transportation.

Thank you very much for your cooperation in this matter.
