Herbert B. Chessler, Assistant Superintendent for Business
James G. Donovan, Assistant Superintendent for Human Resources

March 18, 2020

Dear Oxhead Road Families,

I hope that you are all safe and healthy during this unique time in our history. Who would have thought that the world would change so quickly? Please be assured that our school community is here for you and we have assembled resources to help to provide some structure and learning for our students during our time apart.

As you know, our district website has a multitude of resources for you. There is instructional work posted for our students. The work provided is in two sections. First, there is a generalized bank of activities under “Grade (number) – Contingency Work”, then there are supplemental activities specific to our building – “Supplemental Reinforcement – Oxhead.” Each section (Contingency and Supplemental) provides for two weeks of instructional materials. Your child can complete them at their own pace. If your child’s teacher has reached out with an instructional plan, please follow along as requested.

Additionally, each student has access to his/her “Clever” account. The Clever resource provides a link to a multitude of online resources to enhance instruction. There is a link to the Clever page on the district homepage and all students should be familiar with how to log in.

Remind your children that life will return to normal and try to enjoy the bonus time with them. Get outside and go to a park, do some fun educational activities together and make it a time to strengthen family bonds. Despite what is going on around us, we can still focus on the positives. If nothing else, it reminds us to not take for granted the little things in life. Rest assured, soon we will once again be able to find joy in each other’s company, we’ll be able to get back to being together and learning together.

Our students will be missed – I look forward to seeing you all again soon.

Stay well!
Corinne Seeh
