Division of Health Services

Date: _____

Dear Parent or Guardian:

As a part of your child's requirements for school, a physical examination has been required for students in Pre-Kindergarten or Kindergarten and in Grades 2, 4, 7 and 10. A law was recently enacted that expands health screenings to include the dental health of students in New York State.

When your child is required to have a physical examination, we are required to request a dental certificate as well. There is a certificate attached for you to take to your child's dentist and, once it is completed, it should be returned to the School Nurse to be filed in your child's Cumulative Health Record.

Thank you for your cooperation in this new health endeavor. Our students benefit when we work together to promote the health and achievement of all students.

Please call the school's Health Office if you have any questions or concerns.
